SPECTRUM

Four years ago, the Class of 1965 entered a building designated as Memorial High School. It was not really a school to us then since we had not yet learned that a school consists of many intangibles built upon a foundation of traditions, ideas, shared experiences, and enthusiasms, all of which converge to form an attitude expressing what a school truly represents. Now, in our last year, we have developed this attitude. We know better now who we are, where we are headed, and what Memorial means to us. The purpose of the SPECTRUM this year has been to try to capture this attitude by breaking it down into its various divisions, as a spectrum would diffract an entering shaft of light. It is our hope that as you leaf through the following pages, the true flavor of Memorial will expose itself and that you will find this SPECTRUM a meaningful record of the past four years of the Senior Class.

FOREWORD

Pictures may capture the physical layout of a yearbook, but they must be joined with thought and effort to compose a cohesive and meaningful picture of a school. In endeavoring to give our yearbook special meaning, we have attempted to draw a picture of Memorial through the three main aspects that constitute the soul of any school and its students. These three aspects are expressed in the words "body, mind, and spirit." Using them for our theme, we have tried to demonstrate how the academic and athletic divisions of our school, coupled with the proper enthusiasm and spirit, have created a student body of which we are all proud to be a part.

MR. LEONARD R. PARKS
Superintendent of
Cedar Grove Schools

DEDICATION

For the past forty-one years, and for the last thirteen as Superintendent, Mr. Leonard Parks has served the people of Cedar Grove with unceasing faith. His dedication to his job and his devotion to Cedar Grove students have well earned him our gratitude and thanks for a job well done. In his long career since 1925, Mr. Parks has witnessed his school system multiply from one to five schools, and we realize that without his efforts, Memorial High School could certainly not be what it is today. Our class, the first to have passed completely through four years at Memorial, is particularly aware of his contributions to further the cause of education by establishing these new schools, improving the old ones, maintaining high scholastic standards, and refreshing the curricula.

Mr. Parks has done so much for us for so many years that this year we do welcome the opportunity to dedicate our yearbook to him with our deepest appreciation.

Mr. Parks discussing future plans with Mr. Bechtold, our next Superintendent of Schools.

IN GRATITUDE . . .

MRS. HARRIET ROSENSTEIN

Our class has been extremely fortunate to have had as gracious a person as Mrs. Rosenstein for its advisor. She is one of those rare individuals whose way with words and whose understanding of people, joined by common sense and good humor, make her a pleasure to hear anytime. These fine qualities are extended with equal impact into the classroom when she teaches any of four subjects: physics, chemistry, physical science, or senior science. Her warmth of personality and her ability to provide amusing but clear explanations help her students to readily comprehend the subject at hand. She is probably the only person in the school who has masqueraded as an H_2O molecule, a vector, or a steamship. Anyone who has been in one of her classes shall

never lose the image of her saying, "Now, let's pretend that . . ."

In addition to her concern for us in the classroom, she has provided an inestimable amount of school spirit at many athletic events, dances, and proms. As both our Junior and Senior Class advisor, Mrs. Rosenstein has been an embodiment of spirit and concern for our school. She has worked with unparalleled conscientiousness for our class and deserves the highest praise for the job she has done. We wish to thank her for the excellent way she has stimulated and guided our interests. For these reasons, the Senior Class of 1965 will forever remember Mrs. Rosenstein as its dedicated advisor and its warm friend.

In Memoriam . . .

GLADYS K. TUTTLE

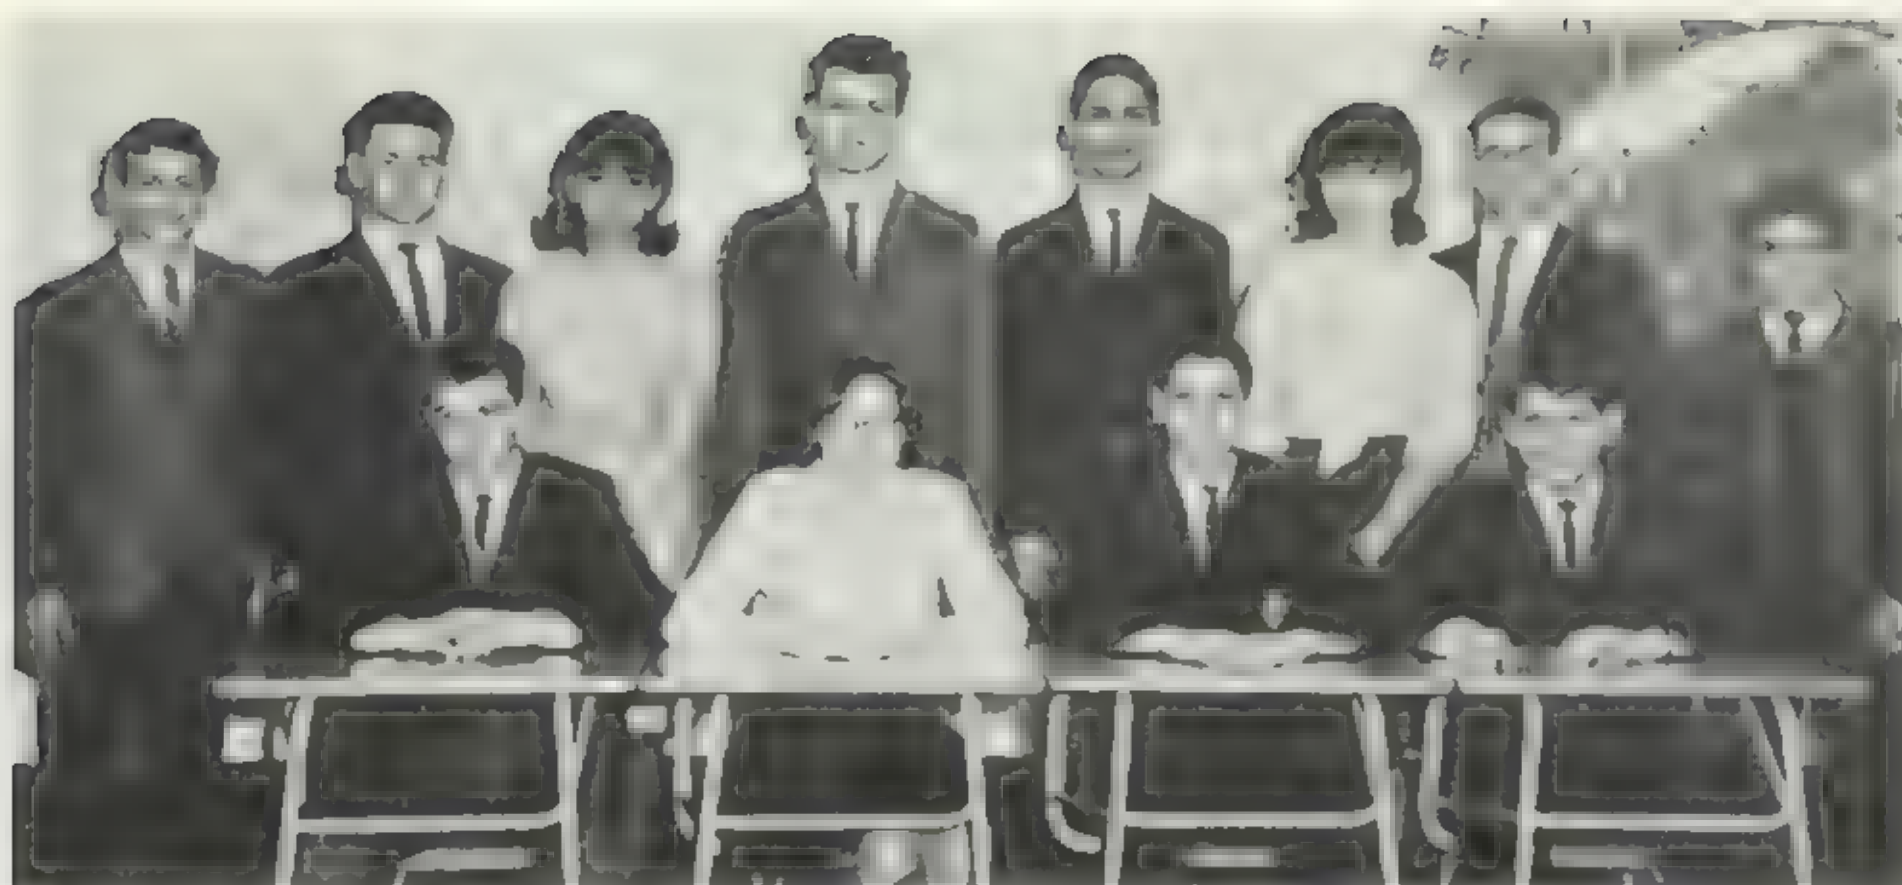

Her life was taken from us on September 23, 1964, of someone who was as dear to us all as Mrs. Gladys K. Tuttle. With the formal announcement of her passing, the student body was outwardly shocked by the suddenness of her death, although there did exist a shadowed premonition of this befall which we may never understand at the time. Never once did she fail to be an abiding friend, comforting and consoling in time of need, always present to maintain the health of her students. Many future success were inspired by her shining but quiet character and complete dedication to a career in a school system to which she had remained faithful since 1948.

Sorrows humanize our race,
Tears are the showers that
Fertilize this world;
And memory of things precious
Keepeth warm
The heart that once did hold them.
They are poor that have lost
Nothing—
They are poorer far, who
Losing, have forgotten."

ORGANIZATIONS

ALL SCHOOL COUNCIL

SEATED, left to right: Stu Koenig, President; Ellen Fleming, Secretary; Peter Rosenberg, Treasurer; Brad Addison, Vice President; STA's, Cathy R. Fryer, Bob Quinn, Vonne Base, Bob Bakelaar, Mo Schmerler, Joan Freiburger, Doug Payne, Al Go.

STUDENT GOVERNMENT

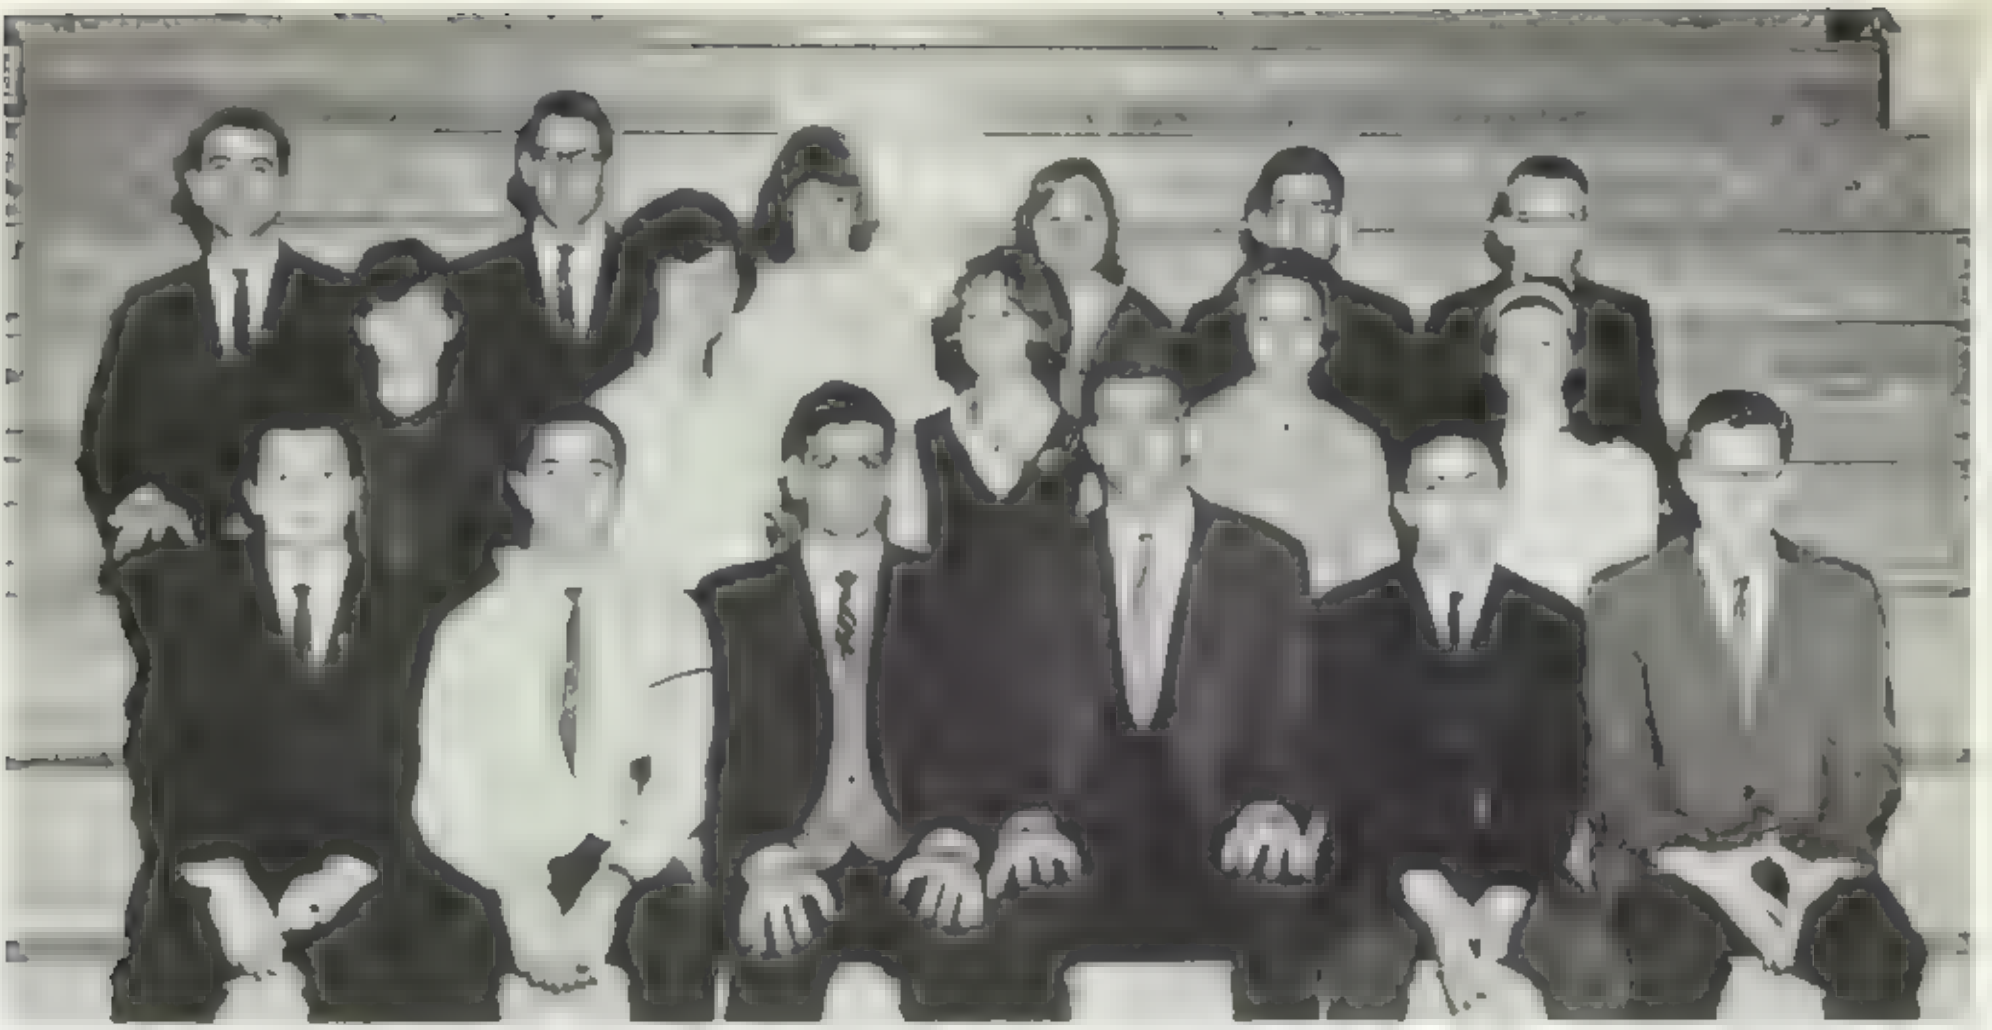

Memorial's All School Council and its Auxiliary have provided the fine leadership and expression possible through representative government. The student government is the organ through which the entire student body may properly and democratically voice all its opinions. Under the supervision of Mrs. Schott, the Council has sponsored Leadership Weekend, football concessions, the Peppermint Prom, the Talent Show, and foreign exchange assemblies. It belongs to the State Association of Student Councils as well as to the Suburban Conference and with other Association members sponsors various activities.

NATIONAL HONOR SOCIETY

The National Honor Society represented Memorial in the West Essex Red Cross Chapter this year, as it has since its establishment. A number of new projects have been initiated by the Society this past year. The first was the selling of programs at the football games. The organization plans to co-sponsor the Parisian Holiday dance in April. The poetry reading at assembly programs has also become an N.H.S. responsibility. Several members are now in the process of writing a history of the Memorial High School Honor Society Chapter, which will be kept as a permanent record. Society members have been, upon their request, granted the privilege of leaving study halls to audit other subject classes in which they are interested.

CLUBS

VARSITY CLUB

The Varsity Club, under the direction of Mr. Berg, has been a very important part of Memorial's athletic program. These boys set the standards for varsity letters. These are the boys who have decided how many quarters a boy must play in football to deserve a letter, or how many points in track. This is not easy to do, but the boys have done an extremely good job. During their regular meetings, the boys view films of our football and basketball games.

DEBATING CLUB

This year, the Debating Club entered in competition with the Suburban Conference Debating Tournament. Each Conference team meets our students twice a year to compete for the Conference championship. The club, under the sponsorship of Mrs. Hilser and Mr. Smith, has debated the resolution that nuclear weapons should be controlled by an international organization

CHESS CLUB

Mr. Tremblay's Chess Club exists for three main purposes: to teach the fundamentals of chess to beginning members; to develop members' skills; and to supply practice time. The club has held its own tournament again this year, and chess members have spent club time in concentration learning what great satisfaction and skill there can be found in chess.

FUTURE TEACHERS' CLUB

Members of the Future Teachers' Club are sincerely interested in secondary or elementary teaching as their career. With sponsors Miss Perna and Mr. George, members have heard guest speakers, discussed necessary teaching qualifications, and learned how to achieve them effectively. In the spring, members were able to visit other schools and help teach certain classes.

BUSINESS SERVICE CLUB

The Business Service Club provided an excellent opportunity for business students to apply their skills and to gain practical business experience. The members provided both faculty and student organizations with typing and mimeographing services. The girls typed tests, correlated records for the guidance office, and set up report cards. Miss Halachik is the club's director.

FUTURE BUSINESS LEADERS

In the Future Business Leaders of America, sponsored by Miss Butwin, members have developed the qualities of integrity and efficiency, traits essential for business success. The club has been able to exchange career opportunity ideas with other FBLA chapters. Several members have not only entered, but have also won in state competitions for typing and shorthand.

PHILATELIC CLUB

Initiated by those students interested in stamp collecting, the Philatelic Club, sponsored by Mrs. Denman, began its first year at Memorial. During the meetings, members have had the opportunity to trade postage stamps with other students while studying basic and advanced aspects of philately.

'NO! You're not supposed to
LICK them!'

BRIDGE AND PINOCHLE CLUB

The Bridge and Pinochle Club, begun this year, is composed of twenty enthusiastic card players. The highlight of the year's activities was the Bridge Tournament, held in mid-winter. The students are ably directed by Mrs. Whitford and Mrs. Wilson.

"All right! We all saw you. Up with the sleeves!"

GYMNASTICS CLUB

Directed by Mr. Jenkins, this club offers advanced work in tumbling and on heavy apparatus to those boys who are highly skilled in such areas. Each club period was spent in practice to develop and perfect these talents which can then be carried back for demonstration to each boy's regular gym class.

CO-ED ARCHERY CLUB

The Co-ed Archery Club is one of the newer clubs at Memorial. Under the guidance of Miss Hudak and Mr. Podems, club members have continually been waging competitions, usually girls against the boys. The students have discovered Co-ed Archery to be informative, entertaining, exciting, and above all else, fun.

DANCE BAND CLUB

The "Starlighters," Memorial High's Dance Band, is an important and appreciated service organization. Headed by Mr. Cappiello, the Dance Band has performed at school theatrical productions, the Suburban Conference Talent Show, and numerous dances and assemblies. Highlighting their year's activities, the "Starlighters" held their annual dance, 'Parisian Holiday'.

BEAUTY CULTURE CLUB

Under Mrs. Georges' direction, Memorial's Beauty Culture Club strives to teach its members the fundamentals of good-grooming. The girls, many of whom are aspiring beauticians, have studied and practiced such skills as hair care, manicuring, fashions, and posture.

FUTURE DRAFTSMEN CLUB

Through this club, these future draftsmen have been able to learn the fundamentals of mechanical and architectural drawing. Under Mr. D'Elia's supervision, members have utilized club time to make drawings of houses and automobiles and then actually construct the models that they have designed.

SQUARE DANCE CLUB

The Square Dance Club exists for two purposes, to acquaint interested students with the fundamentals of square dancing, and to simply have fun. This club, under the sponsorship of Mr. Williams, has quickly become one of the more popular activities in school. Members have had a chance to display their skills at the Sadie Hawkins Dance in October.

"—But Rene, you're a GREAT dancer!"

GIRLS' SHOP CLUB

It is unusual to find members of the fairer sex in the industrial arts section of Memorial, but these girls have proven themselves most able craftsmen. Mr. Alves has introduced to them a variety of skills in the wood and plastic media, such as joinery, carving, moulding, finishing, and the polishing of thermoplastics. The diligent members have shown this club to be creative and most unique.

FUTURE NURSES' CLUB

Chartered for the third year with the National Future Nurses of America, this group has spent the past eventful year under the direction of our new school nurse, Mrs. Ewing. The Future Nurses has been given several successful lectures, some by the girls themselves, and has undertaken two field trips, one to the new and modern St. Barnabas Hospital. With the addition of two boys into the club, our future nurses have had an interesting year.

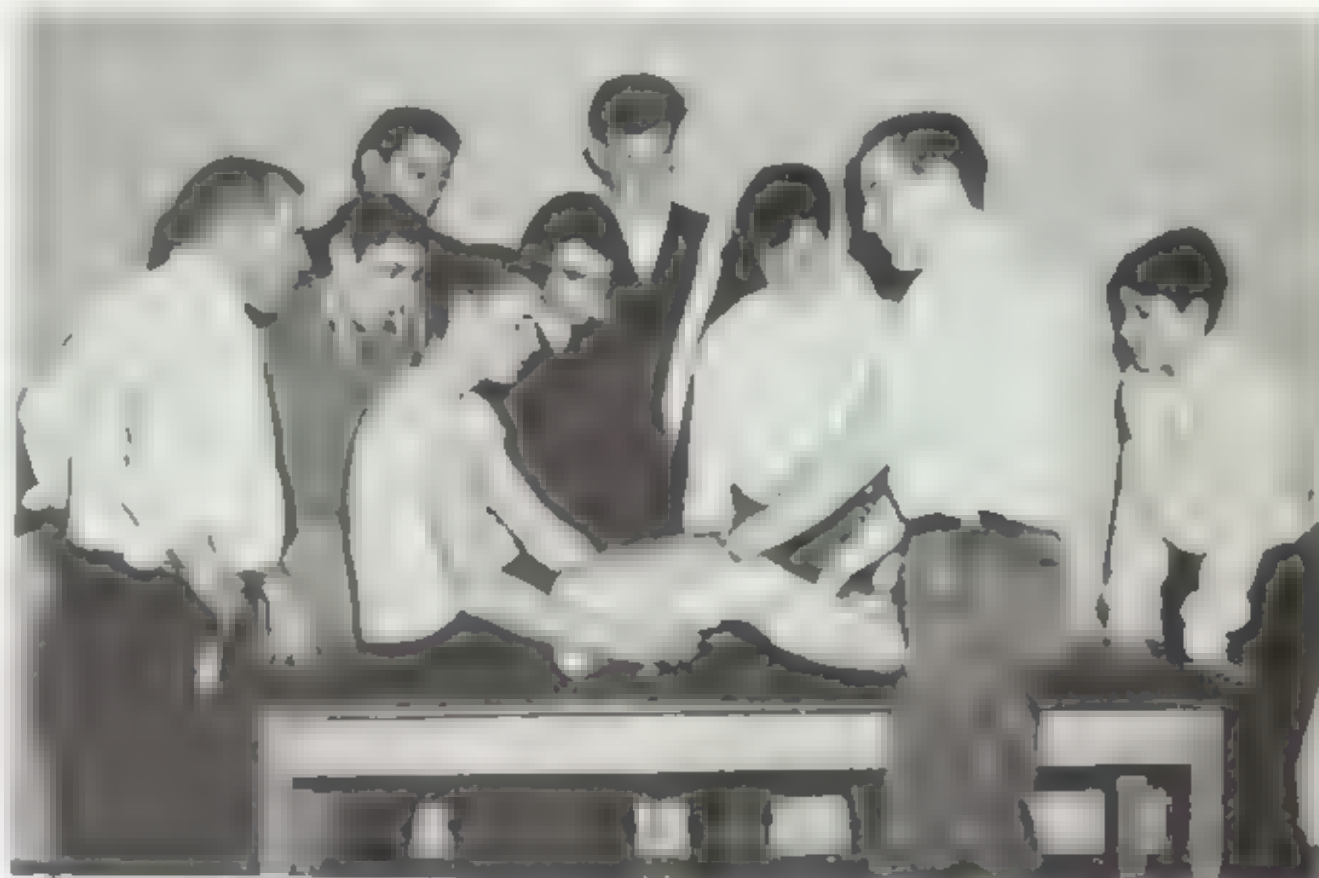

HISTORY CLUB

From films to discussions to reading, the History Club has developed its members' awareness of both Cedar Grove and New Jersey, as well as a keener sense of local government. This year the members have participated in the meetings of the New Jersey Historical Society and have read its publications. Sponsors are Mr. Keenen and Mr. London.

TRAINERS' CLUB

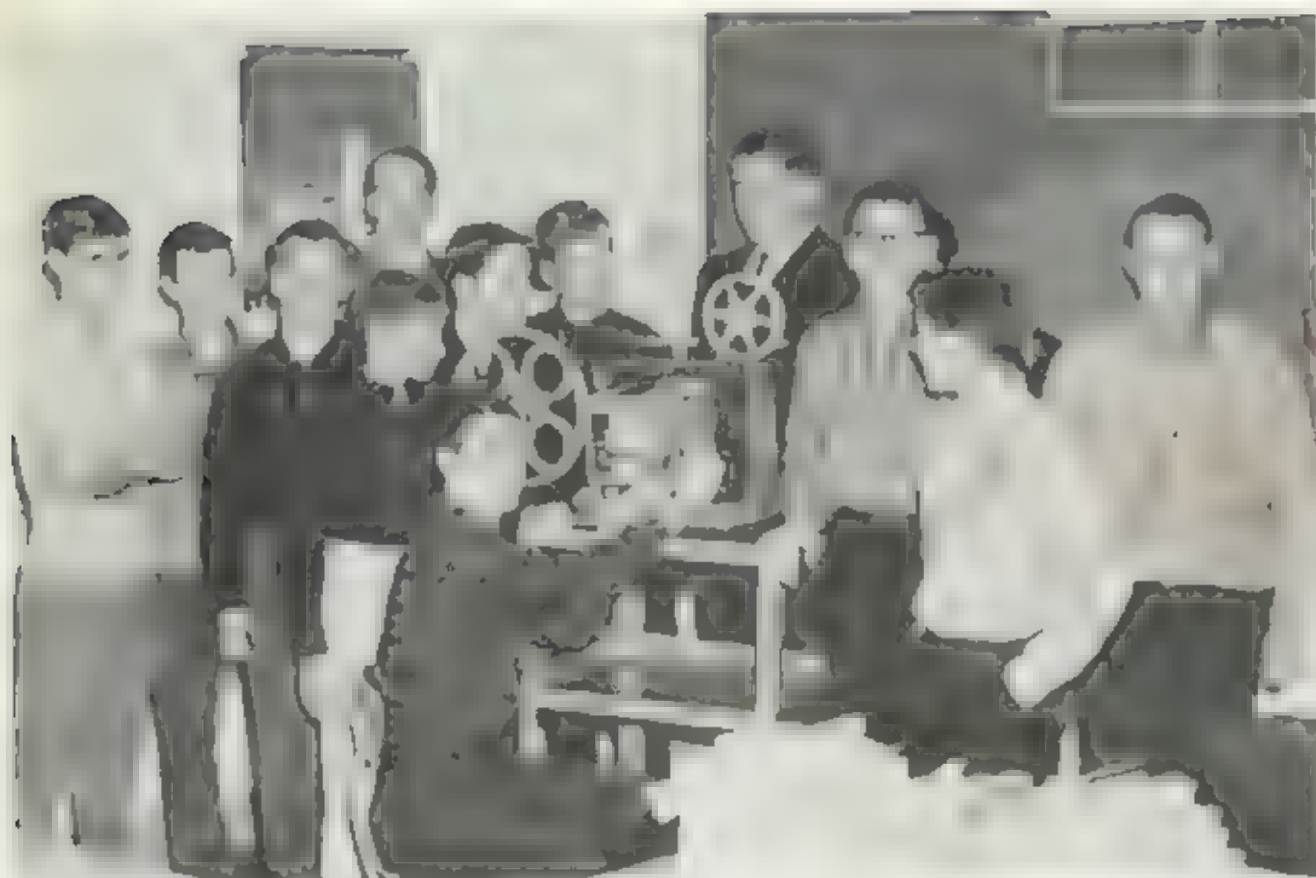

The Trainers' Club, with Mr. Guest as its supervisor, is a service organization most important to the athletic department. These dedicated boys learn the fundamentals a student trainer must know and then apply them on the field or court. All these boys pictured here spend much of their time working with the players, getting them into shape for each game, and executing many other behind-the-scene duties.

COLOR PHOTOGRAPHY CLUB

Under Mr. Crisp's sponsorship, the Color Photography Club is another new organization this year. Its members are all good amateur photographers interested in furthering their photographic skills. They also work with the complicated process of developing film, specific lighting problems, and setting precise exposures. Perhaps in some future year SPECTRUM will make use of the club's color photographs.

AUDIO-VISUAL CLUB

This service organization is composed of dedicated boys under the sponsorship of Mr. Cairns who work with the audio-visual equipment of all the community's schools. The boys are in charge of scheduling, distributing, and operating the A-V instruments and further participate behind-the-scenes at dances, plays, assemblies, and athletic events.

CHANSONETTES

Thirty very talented girls have entertained the school and community this year. Under the capable direction of Mrs. Waters, the Chansonettes have entered its second year of service. This past season, their engagements have included programs for the Community Church Couples' Club and the Memorial APT.

FISHING CLUB

Many enthusiastic fresh and salt water anglers have turned out for the Fishing Club this year. Through the assistance of Mr. Young, the sponsor, and a variety of speakers, the students concentrated on such endeavors as fly casting, lure construction, and equipment repair. Of special interest during the winter months were those warm and sunny ice fishing excursions. The Fishing Club has certainly been an effective aid to those who return home empty-handed after a day of fishing.

SKIVELERS CLUB

Ski-(tra)velers is designed for students who like to ski and welcome the opportunity to make weekend trips to ski resorts. Trips this year have been to New York, New Hampshire, and Vermont, to such places as Lake Placid, Bromley Mountain, and Mount Stratton. Members also sell candy to help raise money for the fun-filled weekends. During the off-seasons, they traveled, by film, to many of the other interesting parts of the ski world. The sponsor, Mr. Nuna-macher, is himself a skier and is the group's personal instructor.

INTERNATIONAL RELATIONS CLUB

This year, many foreign exchange students have been able to visit with the members of International Relations. With Mr. Nolan as their director, the students have viewed films on foreign lands and have discussed the people and customs of our world neighbors.

"—You're getting cold, Dorothy. The Philippines are further to the right!"

STAGE CREW

The Stage Crew, under the direction of Mr. Williams, has rendered invaluable assistance to Memorial High these past four years. It has provided all the necessary auditory and lighting background for most of the student presentations, such as the Christmas and Spring concerts, the Suburban Conference Talent Show, Spotlight on Movement, "You Can't Take It With You", and all other assemblies.

LAB-ASSISTANTS CLUB

A new club this year, the Lab Assistants are under the supervision of Mrs. Wagner. These dedicated students forfeited their study halls in order to help the science teachers demonstrate experiments and conduct laboratory periods. During club time, they assist instructors in preparing for classes.

NATIONAL THESPIANS SOCIETY

Memorial's chapter of the National Thespian Society is under the direction of Mr. Dondero. An excellent dramatic season was begun early in December when club members participated in the production of "You Can't Take It With You," which scored a really fine success. Each year the club anticipates that it will similarly undertake at least one major dramatic production. Last February, the entire club was officially acknowledged as part of the Society through induction by members of the Montclair Chapter.

CHEERI-AIDES

The Cheeri-Aides consists of eight young ladies sincerely interested in the nursing profession. These girls devote many hours each week at Mountainside Hospital actually working with patients. This on-the-spot instruction has proven most valuable to these aspiring nurses. The Cheeri-Aides are headed by our school nurse, Mrs. Ewing.

SPANISH CLUB

The very active Spanish Club has promoted and developed within its members a strong interest in Spanish culture. Under the expert guidance of Senora Christie and Senior Cavallo, members have, among other things, visited Montclair to view a Spanish movie and to attend a Mexican Christmas party, complete with Piñata.

RED CROSS COUNCIL

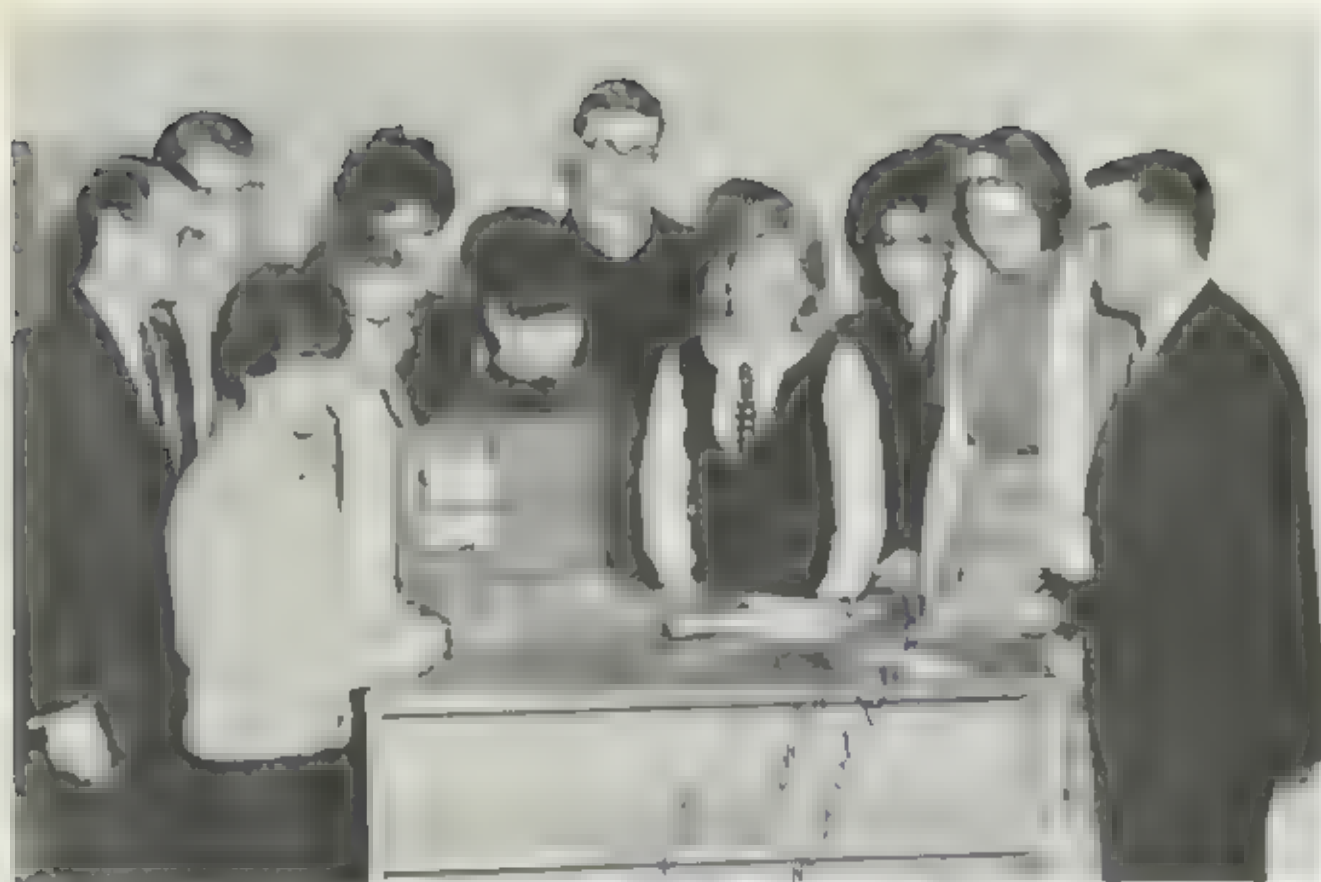

The West Essex Red Cross High School Council is composed of representatives from five neighboring schools. Meeting monthly with its advisor, Mrs. Dean Baldwin, the group plans and directs all high school Red Cross activities. At Memorial the Council operates through the National Honor Society which sends these five representatives to the gatherings and carries out Red Cross projects at school.

FOREIGN LANGUAGE CLUB

Under the guidance of M. Campion, Frau Shakin, and Mme. Moore, the members of the Foreign Language Club have studied the inhabitants, culture, geography, and language of other nations, particularly those of French and German tongue. During club periods, they often view films and photographs of these lands and afterwards discuss them.

The enchantment of Europe—just a closet away!

PSYCHOLOGY CLUB

The purpose of the Psychology Club, instructed by Mr. Cummings and Mr. Zubl, is to acquaint its members with the field of psychology as a science and occupation and as a key to a better comprehension of life in the "human" society. Films, discussions, demonstrations, and field trips have produced an active, stimulating club.

GIRLS' SPORTS CLUB

According to high ability and enthusiasm, thirty girls were chosen to be members of the Girls' Sports Club. Sponsored by Mrs. McVane, these girls had the opportunity to practice and develop various skills, such as basketball, gymnastics, twirling, and cheering.

'Stop fighting, girls! They call it a basketball.'

PUBLIC SPEAKING CLUB

In this club, an atmosphere has been created in which its members, whether beginner or pro, found it no effort to practice their oral presentations. Good results have been seen: members have eliminated their "stage fright" and have spoken with more fluency. Thanks to the sponsor, Mrs. Kinney, the club has proven its worth.

"OF COURSE, Sue, it didn't take James G. Blaine overnight, either."

"What do you mean we WON'T make our next deadline?"

Fourteen times this year, the editors and staff members of our BELOVED "SPECTRUM" have had the opportunity to meet together to UNco-ordinate activities in forty-five minutes of "uninterrupted concentration." What did we do? Well, well, we made hundreds of woodland beasts for "Winter Wonderland", decided who was to have sold candy during the heavyweight match of Feb. 16, debated the identity of the seventh girl in the third row, and spent hours trying to determine whether we were \$2.45 ahead or \$1,664.02 in the red! Seriously, though, under the patient and superb guidance of Mr. Klein and Mr. Kurner, and with the excellent photography and devotion of Mr. Bakelaar, we have found that publishing the 1965 "SPECTRUM" has offered a wealth of experience.

THE PRESS AND NEWSPAPER CLUBS

Incorporated here in one photograph are Miss Cannon's Press Club and the Newspaper Club of Mr. Sempier. Members of the former have seen to it that Memorial was more thoroughly represented in print in the VERONA-CEDAR GROVE TIMES. The latter club is the writing staff for the school newspaper. The students shown are their own reporters, photographers, writers, and proofreaders for a great part of the "Yearling."

YEARLING

The "Yearling" has been the established newspaper in Memorial for the past three years. Each issue contains current news and sports articles, feature stories and commentary columns. The staff, with Mr. Sempier as its director and Susan Harewood as its editor, is continually striving to maintain originality in style and technique. The purpose of the paper is not only to report news, but to print the views of the student body and to create an interest in school activities.

MARCHING BAND

MUSIC

The sound of music plays an important role at Memorial. There is hardly an important school event which is not complimented and enriched by this music.

Saturday afternoon on the gridiron would not have been complete without the spirited rhythm of the colorfully uniformed marching band. We also have our own dance band, the "Starlighters", and a specialized ensemble, the "Chansonettes"; both groups are part of the club program. Included in a variety of music courses are: music appreciation, concert band, intermediate band, concert choir, and chorus.

Each year the music department gives two performances, the Holiday Program and the Spring Music Festival. This year three students received the recognition of the All State Choir for their exceptional vocal talents. They sang in the choir at the Atlantic City Teachers' Convention at the Mosque Theatre in Newark. Further, four of our students were selected to play in the North Jersey Band, four in the All-State Band, three in the All-State Choir, and one in the Orchestra.

The senior class owes countless thanks to Mr. Cappiello, Mrs. Waters, and Mr. Crisp for their many efforts to produce these sounds of music.

ACTIVITIES

LEADERSHIP WEEKEND

Once again this year, the All School Council sponsored a second excellent Leadership Weekend, held the weekend of the 19th of September at the Presbyterian Church Camp in Johnsonburg, N.J.

There, fifty both potential and active leaders met to discuss the problems of Memorial High and possible solutions. Several meetings were held during the weekend, covering such topics as: "What is leadership?"; the responsibility of a leader; school spirit; and student behavior.

Yet Leadership Weekend was not all work. Excellent facilities were found at the camp. The varsity soccer players held an exciting volleyball tournament against any challenger; everyone played football; senior girls camped out overnight; hootenannies were held (in the middle of the night), and despite cool autumn weather, swimming and boating were also enjoyed.

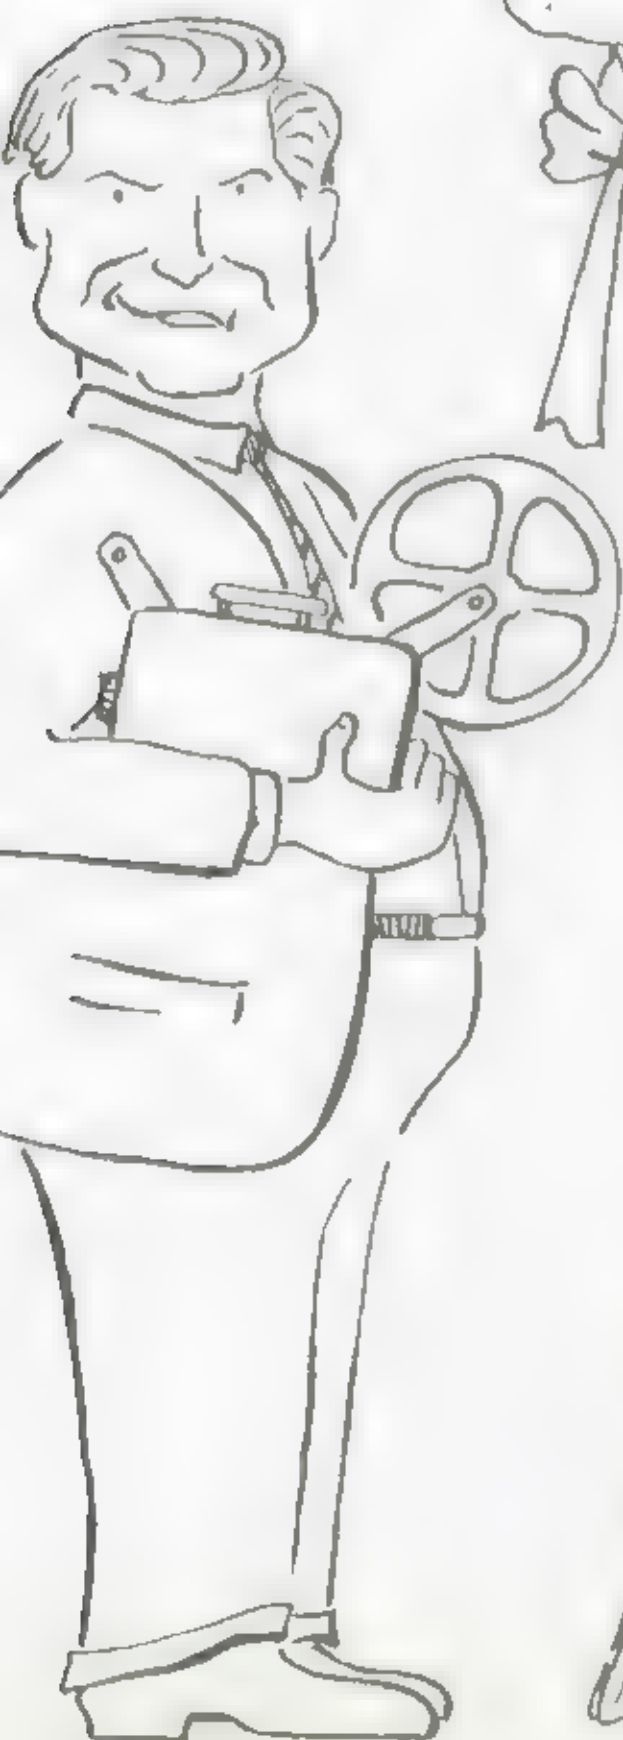

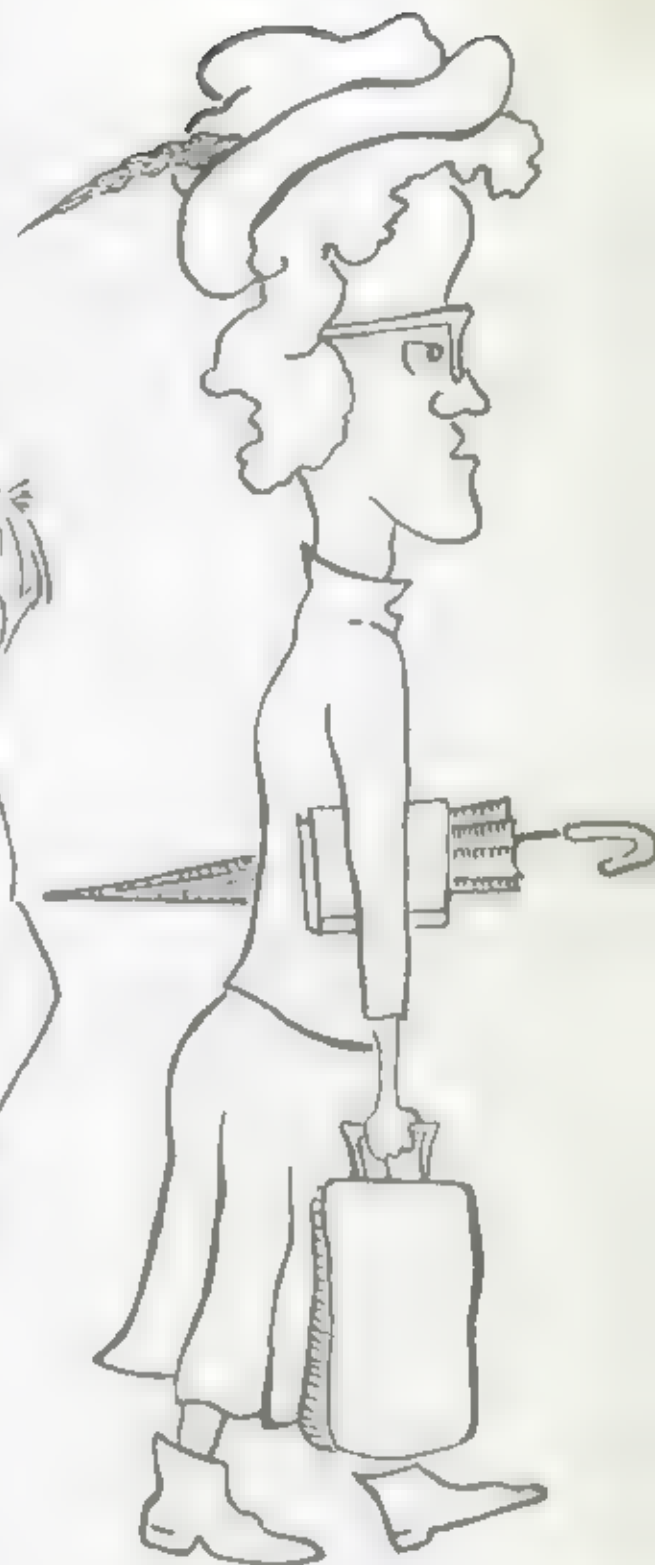

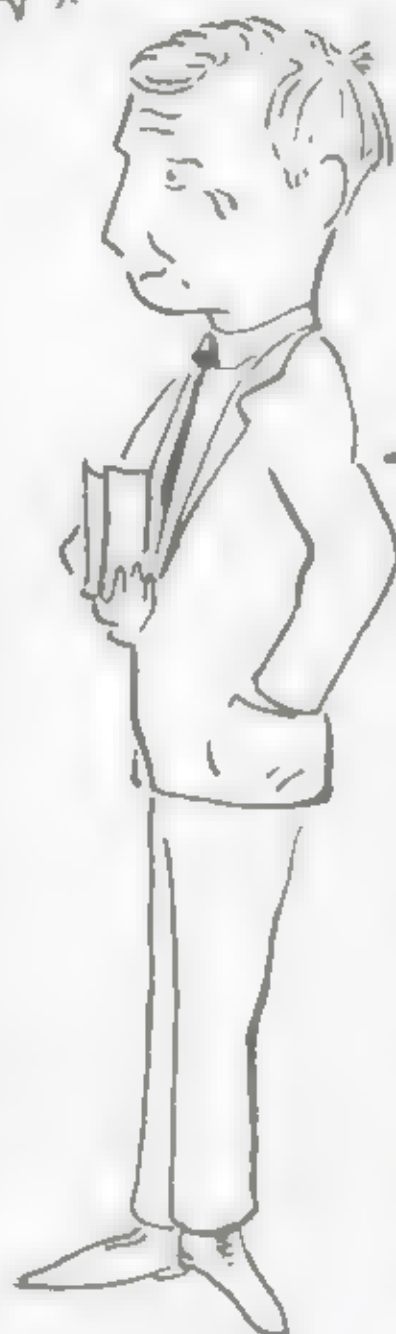

Sunday evening, the fifty tired but excited MHS students returned, their weekend over and considered a fine success.

"YOU CAN'T TAKE IT WITH YOU"

The unscripted antics of the merry mad Sycamore family formed the fun in a performance of "You Can't Take It With You." This laugh-out-loud comedy by Moss Hart and George S. Kaufman was presented on December 11 and 12 by our National Thespian Society, Troop 1890.

How to enjoy life with just enough money to take it easy, how to select pastimes, and how to evade the income tax are all demonstrated by the Sycamores who live in an atmosphere of heart-warming fun.

Grandpa Martin Vanderhof one day decided, 'If you don't like what you're doing, don't do it just for money, because you can't take it with you. From that moment on, Grandpa never worked again. He decided to be content with collecting live snakes, attending college commencements, or simply doing whatever he liked.

His daughter, Penny Sycamore, was a painter turned playwright upon the mistaken delivery of a typewriter to the Sycamore household. Her husband, Paul, fabricates fireworks in the cellar with Mr. De Pinna, who came to deliver ice eight years ago and decided to stay. Paul and Pennys daughter, Essie, are devoted to ballet and candy-making while Ed, the husband, is torn between the xylophone and the printing press.

Out of this crazy clan somehow comes a normal daughter, Alice, whose hopes of marrying Tony Kirby are almost lost when his wealthy and dignified family pay an unexpected visit on the Sycamores. This party meeting of the two families is further aggravated by Essie's ballet teacher, Boris Kolenkhov, who pirouettes around the parlor, by an inebriated actress, Gay Wellington, and by a raid by the F.B.I.

But somehow everyone lives "happily ever after." Alice and Tony receive approval to marry, and stuffy Mr. Kirby comes to the realization that really you can't take it with you.

JUNIOR PROM

In a completely Oriental atmosphere, the enchanting beauty of the East surrounded our Junior Prom last April 18, 1964.

The most stunning of the decorations was an immense mural depicting scenes of a serene Chinese village. Opposite the mural, at the far end of the cafeteria, sat a golden Buddha. He almost seemed to be guarding the exotic refreshments on the table before him. On either side of the Buddha were additional murals with the Chinese characters, "Foon Hay", meaning happiness.

As couples danced to soft music, they could see pagodas and blossoming cherry trees. With just a little imagination, one would have actually believed that he was in the East.

As the evening progressed, four underclassmen in Oriental attire served chow mein and tea. Since the tables were set with chopsticks, several guests with sheepish grins could be seen requesting forks.

Finally, the big moment arrived, the Grand March. At its conclusion, all stood in a circle and quietly sang the Alma Mater. The four hostesses then presented each girl with a silver charm symbolizing the "Foon Hay" theme.

As one departed, he felt compelled to take a final look at the decorations, recalling by them the magic hours just spent in that Oriental town of "Happiness."

FOOTBALL '64

To have first been eligible for a team, each boy on the following sports pages was obligated to devote hours of practice to develop the proper physical fitness. There exists no glory in practice, no immediate reward in strenuous effort. But the healthy spirit to serve one's school is there; it is a powerful, noble spirit and the prime motivation of any sportsman's success.

No school event could more properly symbolize body and spirit than football. The 1964 gridiron squad finished its season with a 4-5 record. Coach Berg's work with the linemen and the efforts of coaches Tremblay and Sempier with the backs and ends prepared the team for the stimulating opening day victory of 7-6 over Kinnelon. A dark cloud rose over Memorial when Chatham came from behind to defeat the "M's" 10-7 with the aid of two safeties. Cedar Grove recovered the following week to upset Boonton 7-6 and then proceeded to seek revenge on an old foe by defeating Summit 7-0.

(Continued from previous page)

... Following the Summit game, a 19-0 victory over Vailsburg further boosted the panther spirits. October ended with a sour note when Caldwell upset M.H.S. with the final score 7-0.

The squad probably played its best game against the Group II powerhouse, Madison. The first half ended with the score at 6-6, with the Dodgers missing their star halfback. A few bad breaks for the Memorial Eleven in the second half gave Madison a sizeable victory of 26-6. The season ended with losses to Passaic Valley and Berkeley Heights with respective scores of 27-0 and 6-0. Upon the conclusion of the 1964 campaign, the last members of Memorial's first football squad of 1961 will be gone. Next year, Mr. Sempier's undefeated Junior Varsity team will receive the loyal fans and the school spirit that has been shown in the past four years.

Although the Freshman Squad, under coaches Jenkins and Lawler, ended its season with a zero and seven record, it displayed some worthy material which will aid in future Memorial teams.

All-State honors were awarded to Rene Lahiere and Greg Werner at the end of the 1964 season. Rene was selected for the first team All-State among the Group II schools. Greg was also All-State materia for the Group II schools, ranking with the third string team.

SOCCER '64

In comparison to last year's record of 15-0, this year's soccer team must be termed a success. The 3-11-2 record isn't really indicative of the boys' soccer capabilities, as many of the losses came by one goal. Coach Gary Podems, aided by the return of several experienced players, converted the soccer team into a well-organized and co-operative group of boys.

To say there were many close games would be an understatement; losses were sustained by the very close 1-0 scores in the hands of Millburn and West Essex (who later tied for the state championship). The season had two major highlights. The first came to greatly boost the players' spirits when Montclair, a Group IV school, was defeated 3-2 for the first win in Panther soccer history. Late in the season, the boys, and especially Coach Podems, gained revenge on Verona by downing them 3-0. At the conclusion of the season, co-captains Wayne Organ and Bruce Tarzy were honored by their appointments to the All-County Soccer Team.

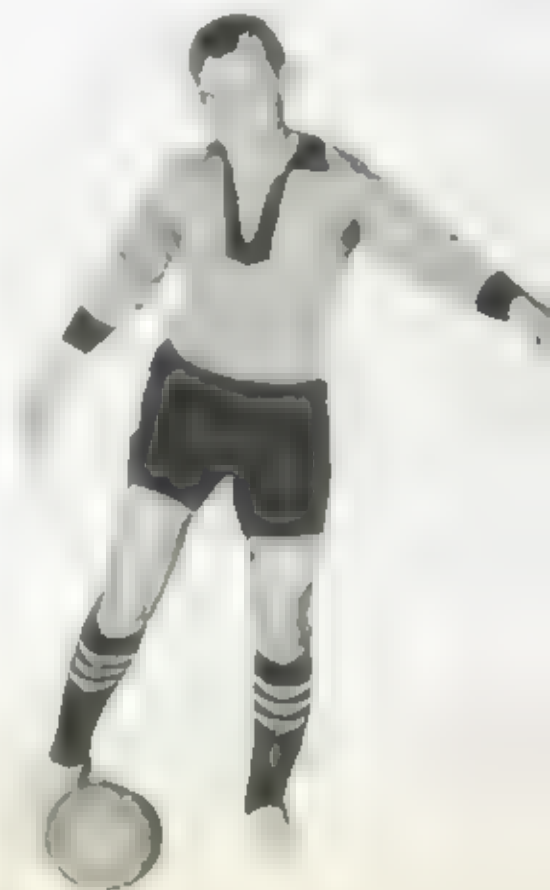

With many experienced players planning to return in the fall, hopes are high for an even more successful 1965 campaign. The best of luck, Coach Podems!

BASKETBALL

Behind co-captains Tom Marchetti and Lee Elson and fellow seniors Kim Onsdorff, Walt Sieglan, Bob Comins, Jim McAndrew, and Greg Ackerman, the Memorial High basketball quarter enjoyed its finest season in the Suburban Conference. The 1964-65 campaign saw the Panthers achieve a 12-8 record and a third place standing in league play. Guided by Coach Guest, the varsity team also entered as this school's first representative to the state tournament and as such advanced to the semi finals before bowing out to Roselle Park.

Highlights of the season were the team's double overtime, two point victory over Pequannock, winner of 9 of their 20 games, in the first round of the tournament and the thrilling 64-57 defeat of arch-rival Verona for the first time in Memorial's three season attempt. The team set a school scoring record of 89 points against Caldwell, and Tom Marchetti broke the individual records by scoring 34 points and grabbing 35 rebounds in one game.

Lee Elson, after a frustrating season last year with injuries, bounced back and sparked the team, especially with his three second left jump shot which clinched a victory over upset-minded Madison, 70-68.

The junior varsity and freshman squads were ably handled by Mr. Sempier and Mr. Jenkins, respectively, and both teams will be counted on heavily in next year's effort.

WRESTLING

Head Coach Arnold Berg

This sport's increasing popularity at Memorial was quite evident in the tremendous turnout at the commencement of the wrestling season. Practice for January's first matches began in early December under the watchful eyes of coaches Berg and Tremblay. Intensive work and dedication on the part of the entire team culminated the winter sports season with a much improved 5-6-2 record. Two of the six defeats, those by Wayne and Passaic Valley, had but a heart-breaking two-point edge of 22-20.

Though all twelve weight classes were well represented, four senior lettermen displayed exceptionally outstanding records. Larry Wiener, the 115-pounder, finished 9-2-2; Alex Mouravieff, the 130-pound "Exterminator," completed the season 10-1-2; Ron Gottschlich, at 165, notched an impressive 12-1 record, and lastly, heavyweight Greg Werner, in a shortened campaign, wrestled undefeated through nine matches.

Three of the above wrestlers made the district semi-finals with Mouravieff proceeding to the finals.

GIRLS' ATHLETIC ASSOCIATION

The Girls Athletic Association is an active part of Memorial's extra curricular program. It is opened to all girls interested in soccer, basketball, tennis, volleyball, gymnastics, or practically any other sport one can call to mind.

The G.A.A. sponsors a multitude of school activities. This year it sponsored the Powder Puff football game, the Senior Girls vs. the Faculty basketball game, and the Spot Light on Movement. Along with this, the Association has organized and arranged playdays in which the girls can compete with other neighboring schools in a particular sport.

The G.A.A. has this fall donated its proceeds from the Powder Puff game to the Ship Hope. It has also initiated an awards system whereby girls who have been active in sports, clubs, and playdays will receive points and be given an award at the end of each school year.

CHEERLEADERS

The Cheerleaders, under the supervision of Mrs. Carole McVane, were a colorful and really enthusiastic addition to the football, soccer, and basketball seasons at Memorial this year. Each girl, although she found the work very demanding in both time and effort, shall never forget the fun she had nor the other wonderful memories and rewards of cheer-

ing. What made their work so gratifying to them was the co-operation and spirit of the student body constantly out in support of our athletic teams. The seven seniors who will graduate hope that the squad to follow them will benefit as greatly by the lasting friendships and personal satisfactions which only an activity such as cheerleading could achieve.

TWIRLERS

With the appropriate school spirit, the Memorial High School twirling squad returned for its second year under the direction of Miss Doris Hudak. Four of the original twirlers, as well as four new girls, constituted this year's most capable squad.

The vivacious girls enhanced the football field with their own variations of marching formations and strutting, not to mention their many routines. Indeed, the football spirit would be lacking without the colorful uniforms and actions of these girls. For the three seniors who will leave the squad in June, the rewards of work and practices, the fun, and the accomplishments will long remain a part of their high school memories.

JUNIORS

Surely, this year's Junior Class has had its share of pride and school service. The tradition of scholarship and of extra-curricular activities, the foundation of any class, prevailed even in our freshman year. We were proud of our grade-level council, then under the guidance of Miss Catalano, and such leaders as Brad Addison, Frank Steinbach, Phil Pfeifer, Dave Meeson, Pete Rosenberg, and many others.

In the athletic world as well, our class has placed its members. Mike Pepe and Bill Brannan, well-known lettermen this year, carried the ball for Coach Sempier's "Little Terrors." During baseball season it was Bob Quinn, Tom Wayne, Bill Brannan and Tom Ferraro who formed Coach Sempier's "Kiddie-Corner" on the J.V. squad. Tom Wayne, this year's version of Don Schneider, started on Coach Guest's J.V. basketball team. Andy Mayrer and Joe Gomez can be found somewhere in the wrestling room in the winter months. And in the spring we have Kurt Clauberg (our first letterman), Phil Pfeifer, and Ray Cole setting new records for our track team.

Our Junior girls haven't been loafing either. We have supplied the twirling squad with a few of our members, including Valerie Biase, who co-captained the squad this year. Girls like Bonnie Meeler, Betty Blum, and Linda Savarese can be found practicing late into the night for the cheering squad. Many

of our girls are always participating in some intramural sport. Our Junior girls' football team beat the "Mighty Seniors" this year in a cold but rousing Saturday game.

The Junior Class has always had many of its members listed high on the honor rolls, and we shall continue to do so.

This year, under the watchful eyes of Mr. Kroeckel, we have been planning our Junior Prom, to be held in May.

As we see the summer approaching, we await it with high hopes as we anxiously anticipate our senior year, knowing that it will be the best yet.

SOPHOMORES

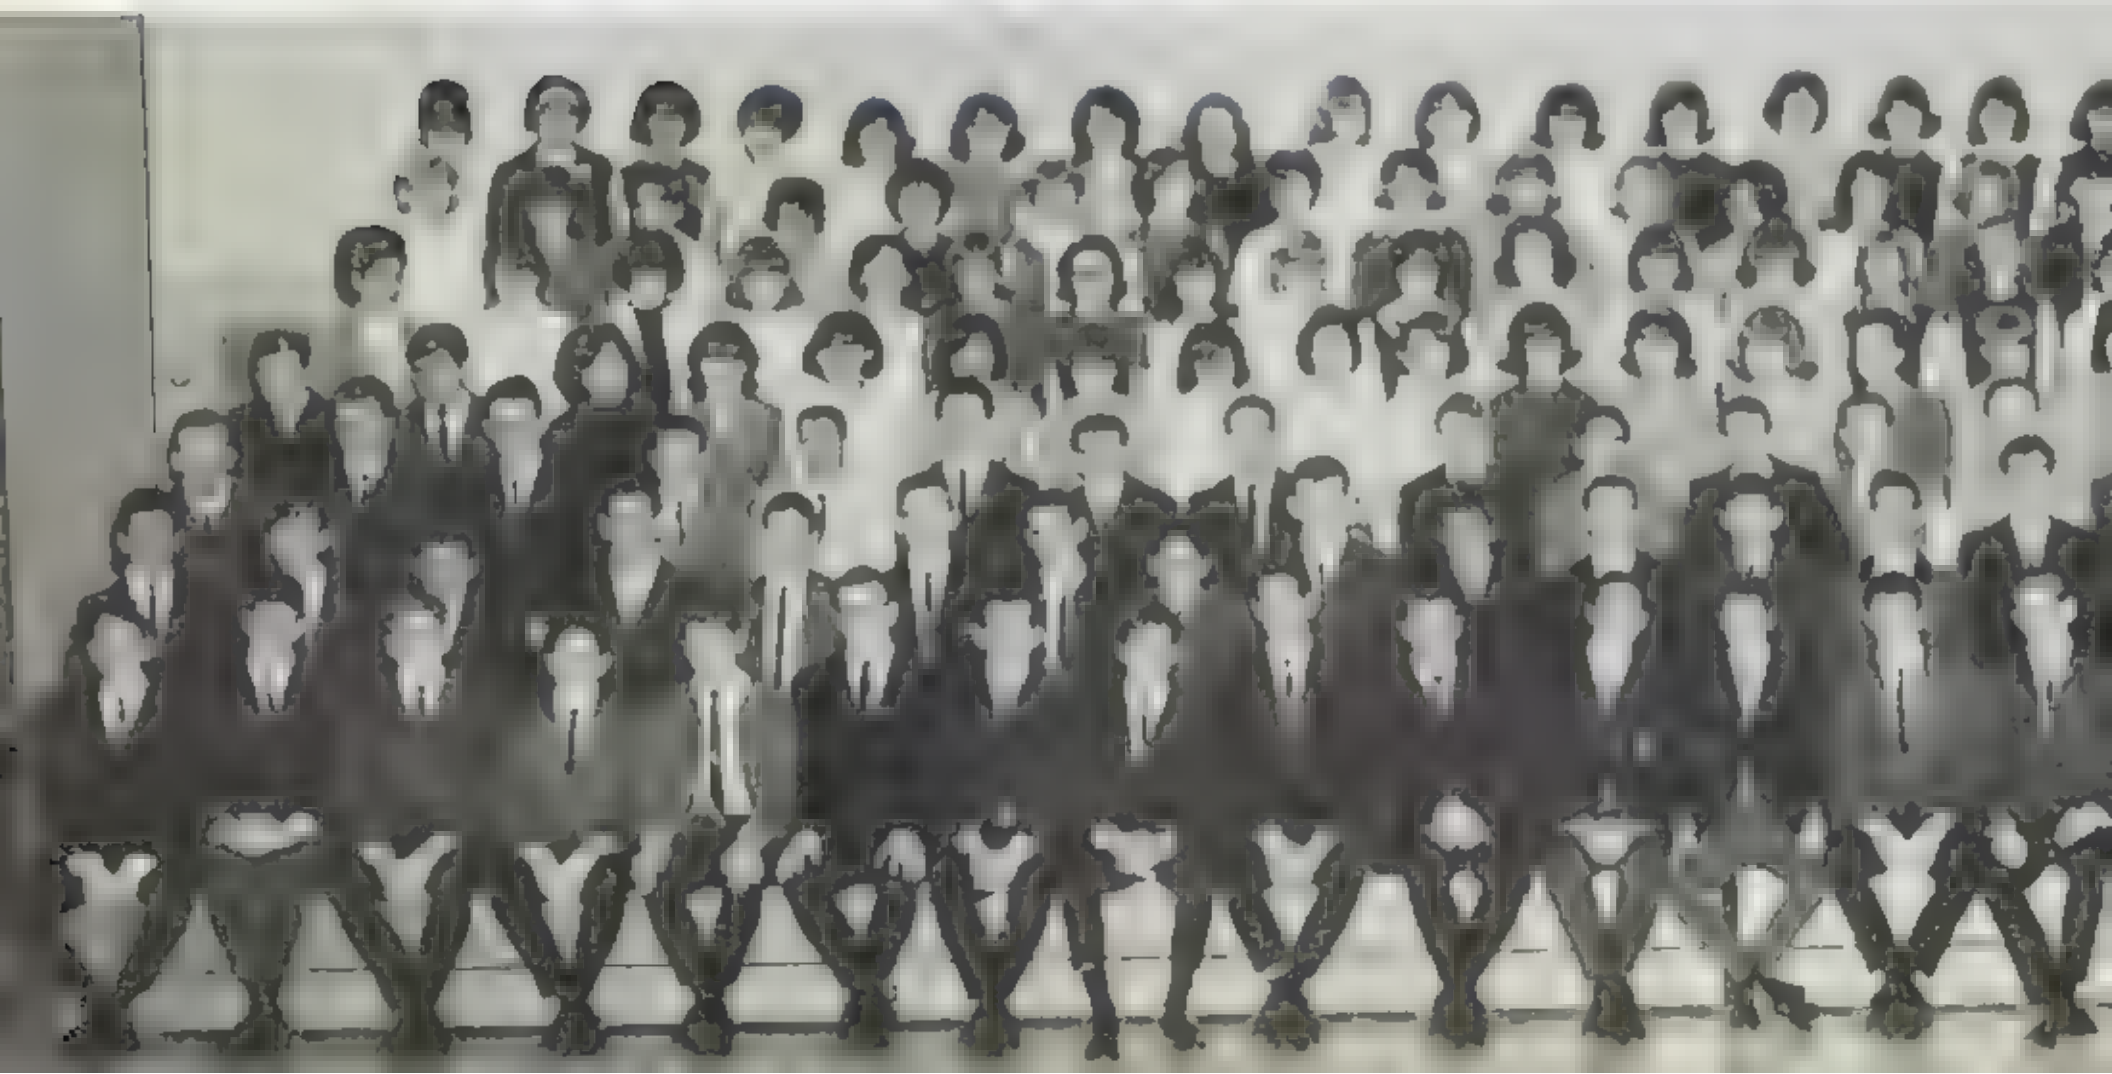

Our four years at Memorial High are just about half over for the Sophomore Class. In retrospect, the path seemed difficult but full of experience. Now the barriers have been crossed, and we can look ahead to the rewards of the upperclassmen years.

As freshmen, the class scored extremely high in the National Educational Development Tests. The NEDT program is given to hundreds of thousands of students each year throughout the country. Almost one-fourth of the class achieved a rating in the 90th percentile or above. This impressive background coupled with diligent underclass studies will begin to offer greater fulfillment in the approaching two years.

However, our high school program extends much further than the classroom. The Sophomore Class boasts many fine athletes. In football, Bob Pomponio and Bernie Barrett combined for a one-two punch in leading the varsity backfield in pass interceptions while the J.V. squad, comprised mainly of sophomores, became the school's first undefeated team. Outstanding class representatives in other varsity sports were Bernie Kortmann in soccer, Roy Gorski and Tom Berard in wrestling, Bernie Barrett as shortstop in baseball, and John Sawyer, who established a new discus record in his freshman year.

Musically, Alan Chase stands out considerably for his talents on the clarinet. Al became the first sophomore to be accepted in the North Jersey Regional Band and to gain a coveted seat in the All-State Band from Memorial.

These achievements are merely a taste of what these and other class members will attain as upperclassmen. The Sophomore Class can look forward to more unforgettable years at Memorial in which they show all the signs of leaving an impressive mark on the history of the school.

FRESHMEN

The Class of 1968, this year's freshmen began the year like all other freshman groups, timidly but ambitiously. It did not take them long, however, to learn that lunch is not served in the "A" wing and that the upperclassmen are not always to be trusted. Now the class is well on its way to becoming one of Memorial's finest groups.

Activities began with the election of the Grade Level Council. Serving the class from the eight homerooms are: Sheldon Breslow, Richard Flyer, Guy Kipp, Sal Maffetone, Nancy O'Connor, Mel Schmerler, Cynthia Straffin and James Giangrande. From this group, Richard Flyer and Mel Schmerler represent the class on the All School Council.

The first social affair of the class was its dance, "Cupid's Caper", held in the cafeteria on February 13. It was an informal affair to which the whole school was invited. Faculty and students joined in the dancing, and the evening was a decided success.

The major concentration of the class after the dance was the magazine drive. The freshmen led the school as highest salesmen, and Mr. Guest's homeroom, 9-6, was the top homeroom.

Early in the year the Freshman Grade Level Council adopted a service project for the school—construction of a scrapbook of the articles concerning school affairs from the VERONA-CEDAR GROVE TIMES. The class has also considered ways to fatten its treasury to help with the many worthwhile projects contemplated by the group in its next three years at Memorial.

Rita recalls the Seniors of '64 and their Saturday night parties . . . cheering and the girls on the squads . . . Sigma Gamma Tau . . . Powder-Puff football . . . and the Rock Spring Corral. Though her small stature diminishes her in no way, she secretly wants to grow a little.

EDWARD SEMER

Ed easily recollects attending those football and basketball games . . . there learning how to play the drums . . . and how really easy it was. Theatre, automobile driving, playing cards, and photography all occupy Ed's spare time. It is his desire to study at an automation institution and become a key-punch operator.

CHARLES SHACKELFORD JR
Architect

Working backstage on theatrical productions is often a nerve-straining occupation, but Shack has the ideal nature to suit the job. He has worked on the stage crew for four years for all of Memorial's plays and created the inimitable part of Mr. Jensen, the plumber, in "My Sister Eileen." He remembers the hectic days of production and his drafting courses. Backstage work on Broadway is his hidden desire.

CAROLYN KAY SHAW

Kay, who left us early this year, won't forget frosh summer school . . . entering Memorial . . . Mr. Guest's classes . . . sophomore homeroom . . . and Coach Berg. Marriage is in Kay's future. Secretly, she'd like to be noticed by a certain somebody.

WALTER E. SEGLEN JR
Engineer

"Beagle" enjoys swimming in the summer and basketball in the winter. He vividly remembers the morning announcements . . . Mr. Kroeckel's flag . . . and not doing it "once for grandma" in German class. Walt enjoys math, chess, and stamp and coin collecting. The school's only finalist of the N.M.S.Q.T., he is known for being on the honor roll, forgetfulness, and being a "nervous pest." His secret desire is to own and operate a Y.W.C.A.

DIANE SIERCHIO
Art Teacher

Diane remembers dances in the gym-cafeteria-al-purpose room . . . looking at black, white, and green enamel nail polish when our school consisted of only one hallway . . . changing for gym in the girls room . . . and the seventy-five girl pep squad. Her interests include art and traveling. Diane's secret ambition is to cut a record in Italian.

GUY ALLEN SLOAT
Architectural Designer

Guy remembers Friday afternoons . . . Mr. Price's World Cultures class . . . and Mr. Mason's jokes. He enjoys stamp collecting, model-making, motorboating, swimming, fishing and water skiing in his leisure time. Guy, who is always on time, really wants to be late.

CAROL ANNE SKILLMAN

Businessman

Carefree Tom remembers many a care-free hour with Mr. Young in art class the Spanish class with Mr. D'Amato losing his driver's license . . . those grueling 70-minute periods of the freshman year . . . and the bomb scare. Tom would like to know the secret of how to get rich without really working.

OGLETHORPIA MEDUSA SCHMIRK

"Ogle" holds dear to her heart many fond and ecstatic memories of Cagema-Hi. Paramount was the success of her bomb scare telephone call . . . the theft of the matron's pipe and the burning of her coat . . . the addition of plaster and hair to the cake batter [behind the cook's back] . . . losing her BB gun in 1962 . . . shattering the E-wing windows on balmy spring days testing the strength of the lavatory sinks . . . clipping out the pretty pictures in the WORLD BOOK for Mr. Fung . . . setting the clock ahead in Mr. Carroll's illustrious World Cultures class . . . toying with firecrackers . . . pouring out Mrs. Denman's coffee . . . the tremendous help of Mr. Weissbach's lost answer key . . . forgetting to pick the chewing gum from her cafeteria plates . . . watching what nails do to teachers' fires . . . making stink bombs . . . forging passes . . . starting rumors concerning Communism just watching how her submissive and docile character affects others. Indeed, Ogle's miraculous talents and forthright personality will carry her far, but where? In our memories, at least may her image rest in peace.

For

JOHN WRIGHT III
Forestry

Jack well remembers Carol . . . Mr. Price's stories of geisha girls in Japan . . . and Mr. Hartman's recollections of how he won the Second World War. His talents include pool, hunting, fishing, and baseball, a sport in which he obviously excels. His secret ambition is to become a player in professional baseball.

Thank you for that wonderful junior prom date
Bill Wynne

LOREN FRANCES ZESCH

Language Interpreter in Government

A varied range of activities has occupied Lory's years at Memorial. They include girls' sports, such as softball, volleyball, football, the YEARLING, modern dance, debate club, and skiing. Lory's recollections are as diverse as her interests: student council campaigns . . . bird watching with Mr. Hartman . . . ski trips . . . football practice . . . and Mrs. Moore's poster contest. In Memoriam . . .

JUNE A. BRUNDAGE

In the spring of 1964, a young girl was taken from us on a warm Sunday afternoon. In May the life of June Brundage was to be no more. A fatal motorcycle accident left our class a bit smaller but far sadder. In the day which followed our school corridors were still with inexpressible grief. June's gaiety, wit, and genuine sparkle made her a well-liked girl in the school. But only after a life has been lived can its total worth be comprehended.

The Senior Class of 1965 deeply mourns the untimely death of one of its members and of a potentially fine citizen, June A. Brundage.

A black and white photograph showing the silhouettes of two people wearing graduation caps and gowns, standing against a bright, possibly windowed background. The figures are positioned in the upper half of the frame, with their heads and shoulders visible. The lighting creates a strong contrast between the dark silhouettes and the bright background.

A farewell thought for each senior.

The sequence of experiences that has taken place during the past four years has bended into a significant entity that displays the artistry of a complex mosaic. Its integrity quietly suggests completion but its meaning proclaims beginning.

The educated person is never finished. The goals he attains immediately point the way to new vistas—loftier, richer.

The more this truth is understood the better a man knows himself and his destiny. Infinity holds no fear for him because he can stick out his hand and touch eternal truth.

Congratulations, senior graduates. You are finished. Now you must begin.

William D. O'Toole
